## **Roman Road Trip Game**

*Answer the questions below as you play or complete the game.*

1. How many roads did you take in order to reach your destination?
  
2. List the names of the roads that were part of your journey.
  
3. Now look back at the mapmaker's webpage: <https://sashat.me/2017/06/03/roman-roads/>. Which roads that you followed have authentic names and paths? Circle them in #2 above.
  
4. Was sea travel a part of your journey? If so, what impact did that have on the length of your route?
  
5. Rome's roads were first built as a transportation system for the military, but in what other ways can you imagine that this system of roads was beneficial?
